We expect...

To have a young person (male/female) with practical skills, interested in and having sense for details and finish in producing orthopaedic customade footwear. A person with positive mind and good energy.

We offer...

Internship – a good, thorough review of the process of customade orthopaedic footwear and foot posts, repairing and alignments etc. From start with measuring customers feet, discussing model and material to a try out before finishing the product for delivering.

We have 3 shops with a wide range of special footwear, workshop with a professional productions system, using CAD system in modeling and cutting the uppers for shoes, boots etc.

We are currently employing 24 persons: 4 orthopaedic shoemakers, 6 shoemakers, 2 repair shoemakers, 2 finishing shoemakers, 2 modellers, 2 seemstresses, 3 shop personnel, 3 administration.

We DON't offer... Accommodation or salary.
